

CALL FOR BOFs

ISC is Europe's leading international conference and trade fair for supercomputing, networking and storage. It provides an unrivaled platform to meet with the key decision makers from the HPC industry over 4 days under one roof. Taking place in Hamburg, Germany, June 23–26, 2009, this jam-packed event is the best place to be in '09 to learn about the most important developments in these fast-growing fields. An exceptional line-up of speakers, a world-class HPC show and great networking opportunities will draw some 1,500 participants.

BIRDS-OF-A-FEATHER SESSIONS

Birds-of-a-Feather (BoF) sessions are opportunities for conference attendees with common interests to come together for an informal discussion and sharing new ideas and information on HPC topics. Each 40-minute session addresses a different topic and is led by one or more individuals with expertise in this area. BoFs are open to all conference participants, including exhibitors, and are held on June 23, 1:00 pm – 6:00 pm, and on June 26, 9:00 am – 1:00 pm (in parallel). There are 15 BoF session time slots available, which will be allocated by the ISC'09 Program Committee. ISC will provide meeting room facilities for the BoF sessions.

BOF ABSTRACT SUBMISSION. To suggest a topic for a BoF session and submit a BoF abstract summary, please use the online submission form at: www.supercomp.de/isc09/Participate/Call-for-BoFs. The language has to be English, and BoF proposals must be received no later than April 12. Submissions will be reviewed and selected by the ISC'09 Program Committee. By submitting a proposal, you agree to host the BoF session at ISC'09 in Hamburg, Germany. BoF session hosts must be registered ISC'09 participants.
